**PORTHCAWL TOWN COUNCIL  
CYNGOR TREF PORTHCAWL**

For Release 24<sup>th</sup> April 2019

**Brand new toilets agreed at Griffin Park**

Porthcawl Town Council are excited to announce the agreement to move forward with the development of brand new toilet facilities at Griffin Park.

Over the last two years the Town Council have made extensive moves towards ascertaining the ownership of Griffin Park toilets through the County Borough's Community Asset Transfer programme. During this period the Town Council has explored options to improve facilities at the site. It was agreed in April's Full Council meeting to positively proceed with new public conveniences.

The toilets are a well-established facility within the town which are frequently used by residents and visitors within Porthcawl. Recently, Porthcawl Town Council re-opened the facility to the public in conjunction with the toilets in John Street, through the use of a contractor to operate the facility on a day to day basis. It is envisaged that a new building will improve the facilities that are available to the public and provide an economically sustainable way to provide for long term conveniences.

Porthcawl Mayor Cllr. Norah Clarke commented, "*Porthcawl Town Council are very keen to improve public conveniences within the town. The development of new toilets at Griffin Park will help to ensure that residents and visitors are able to access first class facilities*".

Porthcawl Town Council are keen to improve the service level provision across the town. The development of new facilities at Griffin Park will ensure that the Town Council continues its pledge to have Pride in Porthcawl.
