Porthcawl Public Conveniences

Following the easing of Covid 19 restrictions, coupled with nice weather over the last few days, Porthcawl has seen a welcomed increase in visitors to the area. Which in turn has increased the need for Public Conveniences.

Whilst John Street Toilets have remained open, there have not been any other provisions for Public Conveniences in Porthcawl. The Griffin Park Toilets project is nearing completion with the new toilets set to open in early April (further updates will be provided).

However, Porthcawl Town Council recognises the need to provide facilities other than John Street Toilets and we are pleased to confirm that from 10.00 am today Thursday 1st April Griffin Park Community Centre toilets will be open to the public for the next 14 days during the hours of 10.00 am and 4.00 pm.
